Lee Noriega

Executive Director, Cybersecurity Services Organization

As the Executive Director of the Cybersecurity Services Organization, Lee Noriega is responsible for CIS's cybersecurity product and services portfolio aligned to the organization's mission and strategic objectives. Additionally, he is responsible for maturing and expanding existing products and services and identifying new opportunities for CIS to support public and private organizations in the U.S. and globally.

Prior to joining CIS in September 2023, Noriega spent more than thirty-five years in technology and was the co-founder and Chief Operating Officer of Inceptus Cybersecurity, a full stack MSP, providing management, monitoring, and cyber capabilities to small- and medium-sized businesses. Prior to co-founding Inceptus, he was the co-founder and Executive Vice President of Operations and Sales Engineering for SKOUT CYBERSECURITY (now Barracuda SKOUT MSP). He has also held executive management positions at various commercial entities to include Nortel Networks and Intrench Technologies.

Noriega sits on the Florida Southwestern State College Computer Engineering Degree Board and the University of South Florida's Design Thinking Program. He is a retired U.S. Navy Network Security Officer.
