

CIS Success with AWS

- **Strong demand for secure images:** More than 200 million hours of usage this year for CIS Hardened Images® purchased through AWS Marketplace.
- **Multi-industry:** We offer more than 24 CIS Hardened Images in AWS Marketplace in all regions including the GovCloud (U.S.) regions and AWS for the Intelligence Community.
 - Nine new Hardened Images, four new Container Images, and more coming soon to [AWS Marketplace](#).
- **Trusted partner:** CIS was a [launch partner](#) in the ATO on AWS program.
- **Collaboration:** AWS participated in the CIS Community consensus process to develop the CIS AWS Foundations Benchmark (for configuring AWS) and is a CIS SecureSuite [Product Vendor Member](#).
- **Value-added growth:** Cloud customers clearly see the value in CIS Hardened Images. Our userbase in the AWS Marketplace has grown by more than 80% in 2019.
 - With joint investment in 2020, CIS aims to make these solutions available to many more customers and drive growth even further.
